

HEALTHCARE

We have the healthcare experience and expertise.

When there's a disaster, nothing is more important than functioning healthcare facilities. 7th Generation Recovery Management vast network has the experience needed to maintain your operations throughout the restoration phase, so you can service your patients and the community.

7thGR also knows you have a great deal of valuable, high-tech equipment that requires specialized cleaning. In addition, you have clean rooms, operating rooms, laboratories and more that require a higher degree of specialized restoration. Rest assured knowing that SRM has the necessary experience and expertise to perform your restoration on a large scale, and in sensitive environments as well.

Plus, 7thGR wealth of resources which include a network of more than 600 locations and the backing of a \$3 billion company, give us the alliances that allow us to secure scarce resources, like generators, water and fuel, vital to quickly restoring operations in declared disaster areas.

In short, we can get to your disaster quicker, manage your project better and get your facilities up and running faster. Of course, because of our healthcare experience, we know that it's vital that the restoration occur in as minimally invasive a manner as possible, so as not to disrupt daily activities.

After all, at 7thGR our job is getting you back to yours. And Restoring Peace of Mind®.

7thGR

Disaster Recovery Services.

How 7thGR Helped: In the aftermath of Hurricane Katrina, 7thGR provided Biloxi Regional Medical Center much-needed power, water, sanitation service and fuel, allowing the hospital to maintain operations, despite the devastating disaster.

"If it had not been for the team effort of ServiceMaster, the hospital would have had to close."

Darrin Ivey, Director Support Services
Biloxi Regional Medical Center
